ProStarr HD Tilt Snowmobile/ATV Trailers

All ProStarr HD Trailers come with these standard features:

- Fully welded all aluminum alloy frame
- **3500 lb torsion axles** with pro-lube system
- Rubber grommeted and sealed lights with protective lenses
- Framed sealed wiring
- 3 year warranty • LED lighting
- Reinforced axle mount
- Lighting system & wiring completely concealed within the trailer
- Each light is grounded back to your vehicle. This means no ground wire on the trailer to corrode and cause problems.
- Marine grade 5/8" plywood
- **ATS** - Advanced Tracking System integrated to trailer frame

STD wishbone tongue with anti rattle and pin locks

Wishbone tongue

Heavy Duty tongue with guide improves turning radius

ProStarr Trailers come standard with either our Heavy Duty tongue with guide/housing, or you can choose our New Wishbone tongue. Either tongue choice is designed to be the strongest in the industry.

GVWR: 2950 lbs
10' Trailer weight - 520 lbs
10' Tilt load capacity - 2430 lbs

GVWR: 2950 lbs
12' Trailer weight - 550 lbs
12' Tilt load capacity - 2400 lbs

ATS - Advanced Tracking System:

Allows you to put tie-downs where you need them and equalize load to fit your needs.

ProStarr welds a heavy duty axle mount to the trailer. This is much stronger than our competitors. The weld on axle mount prevents frame cracking and our isolator pad prevents corrosion from dissimilar metals.

SledShed Clamshell Enclosures

Rear Lift Caps:

This classic design has been our most popular model for years. These caps can be installed on most 10' and 12' trailers. They are available in black, white and charcoal. Standard features include a large access door, vent, and a shock mounting design that does not interfere with loading and unloading.

STANDARD FEATURES:

- Aerodynamic design
- All aluminum frame
- Available in 10' and 12'
- Diamond plate front protection
- 30" tall x 58" wide front access door with locking exterior T handle
- Louvered side vent
- LED lighting
- .030 smooth side
- Standard colors: white, black, and charcoal

ProStarr's one place snowmobile trailer comes in 10' and 12' x 60" wide. Low deck and wide stance makes loading a nice ride up, not to mention 'a breeze to tow' – perfect for an electric vehicle

Inside length 10' - 116"
12' - 140"

Inside width - 56"

Inside height - 55"

ProStarr Bullitt Series Trailers

The **Bullitt** was made for the die-hard snowmobiler that sets out in the middle of a snow storm to their favorite trail. The heavy-duty axle mounts, the large 6-1/2" side rails, and 15" tires make this aerodynamically designed trailer perfect for hauling in the winter months.

16' Bullitt Series Inline Trailer

Get the BEST from the start with PROSTARR TRAILERS

SEE YOU ON THE TRAILS!
