PROSTARR TRAILERS

The Most Aerodynamic & Easiest Towing Trailers in the Industry

The Bullitt was designed by die-hard snowmobilers that set out in the middle of a snow storm to their favorite trail. This aerodynamic trailer was designed for NHRA dragsters in mind - built around a long, narrow, aerodynamic design that delivers exceptional performance and has quickly become the best-known snowmobile trailers for its towing capabilities - not to mention, they're very fast!

Easily Load Motorcycles, Quads, and Snowmobiles

New 16' Bullitt OPS Package for Motorcycles

12' Bullitt trailer with low deck height is perfect for loading motorcycles, quads, or single snowmobile.

New 16' Bullitt OPS Lawn Mower

ATS - Advanced Tracking System:

Allows you to position your load anywhere for proper tongue weight

ProStarr

welds a heavy duty axle mount to the trailer. This is much stronger than our competitors. The weld on axle mount prevents frame cracking and our isolator pad prevents corrosion from dissimilar metals.

SledShed Clamshell Enclosures

Rear Lift Caps:

This classic design has been our most popular model for years. These caps can be installed on most 10′ and 12′ trailers. They are available in black, white and charcoal. Standard features include a large access door, vent, and a shock mounting design that does not interfere with loading and unloading.

STANDARD FEATURES:

- Aerodynamic design
- All aluminum frame
- Available in 10′ and 12′
- Diamond plate front protection
- 30″ tall x 58″ wide front access door with locking exterior T handle
- Louvered side vent
- .030 smooth side
- Standard colors: white, black, and charcoal

Single place pivot lift cap 10′ and 12′

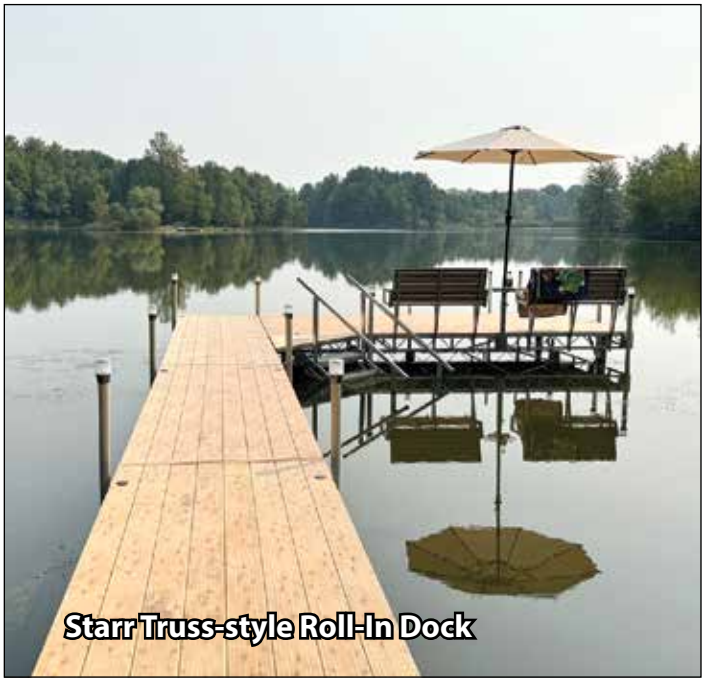

ProStarr's one-place snowmobile trailer comes in 10′ and 12′ x 60″ wide. Low deck and wide stance, makes loading a nice ride up, not to mention a breeze to tow – perfect for an electric vehicle.

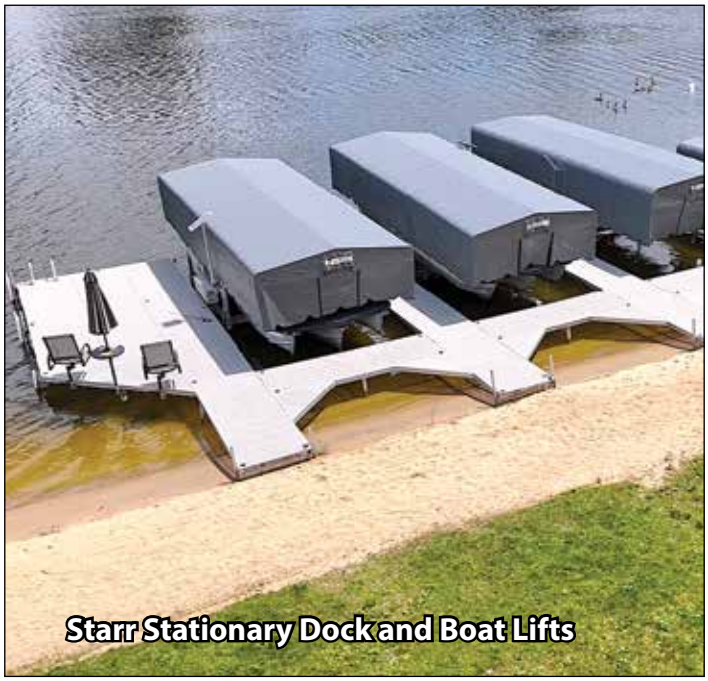

Inside length 10′ - 116″ • 12′ - 140″
Inside width - 98″ Single - 56″
Inside height - 55″
